

# SEWER CAMERA

RELIABLE. LIGHTWEIGHT. VERSATILE.

The Drain Inspector is a professional-grade video inspection camera built for 1-1/2" to 4" pipes and the unsung heroes of plumbing who keep everything flowing. Featuring a **color self-leveling 1080p camera head** and a super-bright HD monitor, it delivers sharp, crystal-clear visuals job after job. Rugged, reliable, and ready for the real world. This is the camera that works as hard as you do.
